- I am pleased to acknowledge the fact that KV Mankhurd is bringing out a **NEW YEAR EDITION** of E-MAGZINE .
- The E-MAGAZINE is a unique initiative started by KV Mankhurd to give an overview of various activities of the school to all stakeholders. This would go a long way in grooming the students in their preferred area of interest. It would also help the parents to participate in the upbringing of their wards in more active manner.
- I am sure that , E-MAGAZINE will be both informative and educative. I congratulate the students, staff and the principal for their efforts in bringing out such meaningful and expressive E-MAGAZINE. I also wish them all a very happy new year - 2010 and success in all their future endeavours.

Jai Hind

MY DEAR MOTHER

If everyone says , her/his mother is sweet and good ,
I would say my mother is the sweetest and best .
Oh how she toils day and night to bring us (me and my brother) up .
Her only prayer and wishes are that we her little buds
bloom into praise worthy individuals .
And my only whim is to make dream come into reality
. She is the most dear and valuable treasure to us .
She motivates us to read good books
and also helps in choosing such books .
Rain or shine
her service and sacrifices
for the family wont stop .
She narrates in short form
the lives of achievers ,
I would like to make her dream come true
by becoming an achiever .
I believe that it would be the most memorable
and happiest day in her life .
Oh my dear mom , you are indeed a priceless gift for me
Oh..... mom you are the best in the world.

EXPERIENCE MATTERS

‘EXPERIENCE’, This word is very familiar to us . But do you know what actually an experience is? I’ll tell you , an experience is an event or situation by which one has passed . I’m telling you one of my experience - ‘ it was morning when we started from Chandigarh to Batindha , but on 7 :30 evening , we were at mansa (near Batindha) . The climate was calm , but suddenly the sky started to get darker, and the wind started blowing at high speed and we were trying to find a good place to stop our car . But nature didn’t allow us and we stopped our car near a house .The wind was so fast that we were not able to see any thing in front of our car .We were in the hands of nature and fully dependent .But at last after 20 minutes of long struggle the storm stopped . But when we came out of the car we saw an electric pole fallen down just 2-3 yards ahead of us . It was horrible scene on the road , trees fallen everywhere and everything was destroyed ’. That moment I experienced nature’s fury. So friends, please don’t play with nature or nature will play havoc with you .

FRINDSHIP FOREVER

IF YOU WANT ENEMIES EXCEL YOUR FRIEND.
IF YOU WANT FRIEND LET YOUR FRIEND EXCEL YOU!

TRUE FRIENDSHIP IS LIKE A MIRROR IT SHOWS US WHAT
WE REALLY ARE!!!!!!!!!!!!!!!

IF WE SMILE IT SMILES
IF WE FROWN IT FROWNS
IT'S BETTER TO LOOSE AN ARGUMENT AND GAIN
A FRIEND.....
THAN TO WIN AN ARGUMENT
AND LOOSE A FRIEND
